Davao Medical School Foundation, Inc.

Dear Atty. Aportadera,

Greetings of peace!

We are pleased to present the proposed floor plan of the Academic Center/Hub, envisioned as a central facility that will integrate and synchronize our educational development, the curriculum secretariat and quality assurance functions so as to create a collaborative and interdisciplinary engagement across all academic programs.

The proposed layout has been carefully planned to ensure functionality, accessibility, and efficient use of resources, while aligning with our institutional goals of curricular excellence, research innovation, and integration with other pillars of DMSFI.

As such, we respectfully submit this proposal for your review, feedback, and approval.

Lastly, if approved, we would like to request for two office tables with two officer seats and four client seats and two computers (for EDC and QA offices).

Thank you for your continued support.

Respectfully yours,

ERWIN ROMMEL N. HONTIVEROS, MD, MHPEd
OIC – Dean of Colleges

Recommending Approval:

JESSA MAE C. FAISAN, CPA
Finance Officer/OIC-Human Resource Officer

OLIVER G. VICTORIANO, MBA, DBA
Chief Operations Officer
